

ALI NIKSERESHT

Front-End Developer

Iran, Tehran

alinksht@gmail.com

+989372177336

CAREER SUMMARY:

As an accomplished Front-End Developer with over a year of dedicated experience, I excel in creating high-performance web applications and responsive websites. Leveraging cutting-edge technologies such as JavaScript, TypeScript, React.js, and Next.js, I skillfully transform intricate design concepts into seamless, user-centric digital experiences. My proficiency encompasses dynamic routing, frontend optimization, and modular programming, ensuring applications are both efficient and scalable.

I am adept at optimizing code, enhancing user interfaces, and maintaining exceptional standards of content accuracy, accessibility, and security. My expertise includes seamless API integration and ensuring cross-device compatibility, significantly extending the functionality and reach of the applications I develop. My contributions to national-level projects underscore my ability to deliver robust, impactful solutions on a larger scale.

Thriving in dynamic, fast-paced environments, I continually update my skills to stay at the forefront of web development. My unwavering commitment to continuous learning and professional growth empowers me to deliver innovative solutions and a proactive approach to every project, making me an invaluable asset to any development team.

WORK EXPERIENCE:

Pouya Pardazan Noavar

Front-End Developer | May 2024 - Jun 2024

- As a Frontend Developer at Pouya Pardazan Noavar, I am responsible for overseeing the entire frontend development process for our projects.
- My duties include writing high-quality, maintainable code and optimizing it to improve the performance and efficiency of our applications.
- I meticulously document all aspects of our projects and integrate the latest and most effective tools and packages available in the industry.
- My commitment to utilizing cutting-edge technologies ensures that our projects remain at the forefront of web development.
- By continuously staying updated with industry trends, I am able to bring innovative and creative solutions to our development process, ensuring the delivery of exceptional and high-performing web applications.

Raika

Front-End Developer | Aug 2023 - Mar 2024

- Member of the Frontend Development team at Raika, a leader in internet communications and technology innovation.
- Collaborated on several national-level projects.
- Contributed to the development of responsive web applications and websites.
- Primarily responsible for transforming design concepts into high-performance frontend code.
- Utilized JavaScript, TypeScript, React.js, and Next.js to ensure compatibility across different devices.
- Collaborated closely with design and development teams to enhance user interfaces and integrate APIs.
- Focused on maintaining high standards of content accuracy, accessibility, and security.
- Employed modular programming techniques to develop reusable components.
- Optimized website performance through code minification and image compression.
- Utilized version control systems like Git to manage project changes.
- Committed to continuous learning and adapting to new front-end technologies.
- Participated in the entire development process to improve functionality and user experience.
- Demonstrated dedication to developing scalable, user-friendly applications as a proactive team member.

EDUCATION:

2022 - present | Amol University

Associate's degree in Business Accounting.

SKILLS:

- JavaScript • TypeScript • React JS • Next JS • Electron JS • Tauri • React Hooks
- Frontend Project Management • Dynamic Routing • Web Application Development
- Progressive Web Applications (PWAs) • Tailwind • AJAX • JavaScript eXtension (JSX)
- MUI • React Router • Fetch • Bootstrap • Axios • Context API • JSON Data Handling
- Web Performance Optimization • Technical Documentation • JSON Web Token (JWT)
- ES5, ES6, ES7 and up • Git, GitHub • jQuery • Sass • Vanta.js • Three.js
- Cascading Style Sheets (CSS) • HTML5

COURSES AND CERTIFICATES:

Front-end programming course | Nov 2022 - Apr 2023

Institut: Parnian Institute
